	<b>PhD presentations</b>	<b>PhD presentations</b>
14.30-14.45	C. Cimino, University of Catania	I. D'Abbrunzo, University of Trieste
14.45-15.00	E. Corazza, University of Bologna	B. Sabbatini, University of Camerino
15.00-15.15	B. Grassiri, University of Pisa	L. Grifoni, University of Florence
15.15-15.30	E.S. Cama, University of Pavia	M. Pistone, University of Bari
15.30-15.45	F. Rama, University of Milan	N. Pinna, University of Perugia
15.45 – 16.15	Discussion	Discussion
16:15-16.45	Coffee Break	

#### Focus Groups

##### Room A

##### Room B

<i>Chairpersons</i>	Umberto Musazzi, Carmelo Puglia (tbc)	Antonio Lopalco Michele Schlich
	<b>PhD presentations</b>	<b>PhD presentations</b>
16.45-17.00	E. Bianchi, University of Pavia	N. Ambrosio, University of Catanzaro
17.00-17.15	C. De Soricellis, University of Salerno	C. Pesce, IIT- University of Padua
17.15-17.30	N. Scacciati, University of Pisa	A. Balboni, University of Genoa
17.30-17.45	M. Viola, University of Rome	R. Daniele, University of Padua
17.45-18.00	J. Forte- University of Rome	I.E. Ansari, University of Turin
18.00-18.30	Discussion	Discussion

### 18.30-19.00 Scientific publication

## Thursday, September 14

*Chairpersons* To be confirmed

9.00-9.45 **Prof. Rosario Rizzuto, University of Padova** – *Farmaci a RNA e Terapia Genica: nuove opportunità e nuove sfide*

9.45-10.30 **Prof. Dan Peer, University of Tel Aviv** – *Vaccines and Therapeutics: from Gene Silencing to Genome Editing*

10.30-11.00 *Coffee Break*

*Chairpersons* To be confirmed

11.00-11.45 **Prof. Maria José Alonso, University of Santiago de Compostela** – *Translational research and entrepreneurial adventures from Academia*

11.45-12.30 **Prof. Andrea Bernkop-Schnürch, University of Innsbruck** – *Thiolated Cyclodextrins: Benefits and Limitations*

12.30-14.00 *Lunch Break*

*Chairpersons* To be confirmed

14.00-14.45 **Prof. Elias Fattal, University of Paris-Saclay** – *Nanotechnologies and lung: the yin and yang*

14.45-15.30 **Prof.ssa Francesca Ungaro, University of Naples** – *Overcoming lung barriers to inhaled drugs through engineered nanoparticles*

15.30-16.15 **Prof. Sara Nicoli, University of Parma** – *Challenges and innovation in ocular drug delivery*

16.15-16.45 *Coffee Break*

*Chairpersons* To be confirmed

16.45-17.30 **Dr. Fabio Stellari, Chiesi Farmaceutici** – *Multimodality imaging technologies in pulmonary drug discovery and development*

17.30-18.15 **Prof. Giovanni Tosi, University of Modena Reggio Emilia** – *Beyond the border: drug delivery system design to the brain*
